

Private Medical Insurance: Indirect Billing

Some insurance companies will agree to cover your treatment at Pure Sports Medicine, although we may not have an agreement set up with them.

Please follow our instructions below if you are unsure of what to do next.

What we do

Check with your health insurance provider that they will cover the cost of your treatments within PSM's clinics.

If they confirm cover, and as PSM are unable to bill directly to your health insurance provider, you will need to self-fund your appointments with the Reception Teams at PSM before leaving the premises.

PSM are then able to provide you with both the receipt and the fully PAID invoice which is what your health insurance provider will need in order to reimburse you for the agreed upon amount.

Please be aware that some health insurance providers will agree to cover a percentage of the cost. PSM are unable to confirm this for individual providers so please confirm this with your health insurance provider in advance of the treatment.
